It's a smash, slam—a real hit—Chicago Coin's New

TV PING PONG

Get set for 2-player TV PING PONG from Chicago Coin, the newest leeder in electronic games. This exciting money maker actually simuletes reel ping pong on a full size television screen.

Players serve end return an electronic ping pong ball across the screen. Free wheeling front panel control knobs operated by the players position televised ping pong rackets for the best return shots. A built-in acoustic system captures the sound of the racket hitting the ball. Scoring is eccording to official rules and is shown on digital readouts ebove the screen.

All the skills end speed of real ping pong play are needed for TV ping pong.
